Southbound US 41 being reduced to one lane near Mason Street in Green Bay

Drivers urged to seek alternate routes

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office is announcing southbound US 41 near Mason Street is being reduced to one lane of traffic through 5 a.m., Wednesday, May 23. Drivers should anticipate possible delays and are urged to seek alternate routes.

The reduction is needed so construction crews can address a soil settlement issue on a temporary retaining wall just south of Mason Street, ahead of the busy Memorial Day weekend.

To help alleviate possible traffic delays during today's peak travel hours, all lanes of southbound I-43 closed for construction on the Leo Frigo Bridge, will be reopened to traffic by early afternoon.

All lane restrictions and work operations are subject to change.
